

## Kindergarten Activities for Summer

1. Find creative ways to write numbers from 1 – 30 (in sand trays, sidewalk chalk, with pudding).
2. Find 4 rectangles, 3 circles, and 2 squares in your home.
3. Name 4 things you do in the afternoon.
4. Continue the pattern:  
ABABABABAB\_ \_
5. Draw a picture using a rectangle, 2 squares, and 4 circles.
6. Name three things that come in pairs.
7. Name the 12 months of the year and tell which one is your birthday month.
8. Sort coins into groups: pennies, nickels, dimes, quarters.
9. Count the number of steps at your house.
10. Name the tallest and smallest in your family. Who is the oldest and youngest?
